

## **Página 1**

1. Once we have seen the “*bufones*” and listened to the instructor’s explanation, answer the following questions:

1. What did the “*bufones*” blow out?
  2. What direction did it blow towards?
  3. What other things can be blown out?
2. Make a picture of what you have seen at the “*bufones*”.

2. Look at these two pictures, read the text and answer the following questions:

fast	herbivore	tail	horns	lizard
------	-----------	------	-------	--------

Tyrannosaurus means "tyrant"
